Description: He is a brilliant math Professor with a peculiar problem—ever since a traumatic head injury, he has lived with only eighty minutes of short-term memory. She is an astute young Housekeeper—with a ten-year-old son—who is hired to care for the Professor. And every morning, as the Professor and the Housekeeper are introduced to each other anew, a strange...

Review: Told from the housekeeper's perspective, this novel starts with the introduction of a brilliant math professor to his new housekeeper. Due to an accident, the professor's memories reset every eighty minutes. When we meet him, he is covered in sticky notes that remind him of who people are and where he has placed things. He has been through a number...
